Energy performance certificate (EPC)				
3 Bank View 5, Market Place BELFORD NE70 7ND	Energy rating	Valid until:	11 May 2025	
		Certificate number:	8205-7925-3100-1536-6902	
Property type		End-terrace house		
Total floor area		80 square metres		

# Rules on letting this property

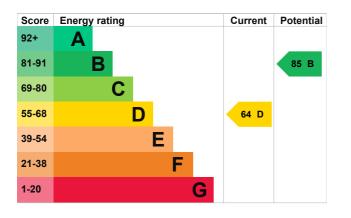

Properties can be let if they have an energy rating from A to E.

You can read guidance for landlords on the regulations and exemptions (https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energyefficiency-standard-landlord-guidance).

# Energy rating and score

This property's current energy rating is D. It has the potential to be B.

See how to improve this property's energy efficiency.

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D the average energy score is 60

# Breakdown of property's energy performance

### Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Cavity wall, as built, no insulation (assumed)	Poor
Roof	Pitched, 300 mm loft insulation	Very good
Window	Fully double glazed	Average
Main heating	Boiler and radiators, mains gas	Good
Main heating control	Programmer, TRVs and bypass	Average
Hot water	From main system	Good
Lighting	Low energy lighting in all fixed outlets	Very good
Floor	Solid, no insulation (assumed)	N/A
Secondary heating	None	N/A

### Primary energy use

The primary energy use for this property per year is 292 kilowatt hours per square metre (kWh/m2).

#### Additional information

Additional information about this property:

· Cavity fill is recommended

## How this affects your energy bills

An average household would need to spend £935 per year on heating, hot water and lighting in this property. These costs usually make up the majority of your energy bills.

You could save £269 per year if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2015** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

### Heating this property

Estimated energy needed in this property is:

- 12,970 kWh per year for heating
- 2,137 kWh per year for hot water

amounts of energy.

You could improve this property's CO2 emissions by making the

These ratings are based on assumptions about average occupancy

and energy use. People living at the property may use different

suggested changes. This will help to protect the environment.

# Impact on the environmentAn average household produces6 tonnes of CO2This property's current environmental impact rating is D. It has the<br/>potential to be B.An average household produces6 tonnes of CO2This property produces4.1 tonnes of CO2This property's potential<br/>production1.8 tonnes of CO2

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year. CO2 harms the environment.

**Carbon emissions** 

### Changes you could make

Step	Typical installation cost	Typical yearly saving
1. Cavity wall insulation	£500 - £1,500	£160
2. Floor insulation (solid floor)	£4,000 - £6,000	£44
3. Heating controls (room thermostat)	£350 - £450	£30
4. Solar water heating	£4,000 - £6,000	£34
5. Solar photovoltaic panels	£5,000 - £8,000	£262

# Help paying for energy improvements

You might be able to get a grant from the <u>Boiler Upgrade Scheme (https://www.gov.uk/apply-boiler-upgrade-scheme)</u>. This will help you buy a more efficient, low carbon heating system for this property.

### Who to contact about this certificate

### Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name	Allison Jones
Telephone	07961 391254
Email	allyshouse@hotmail.com

### Contacting the accreditation scheme

If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme	Elmhurst Energy Systems Ltd
Assessor's ID	EES/004951
Telephone	01455 883 250
Email	enquiries@elmhurstenergy.co.uk

## About this assessment

Assessor's declaration	No related party
Date of assessment	6 May 2015
Date of certificate	12 May 2015
Type of assessment	RdSAP
